

Weekend Mentoring Sports a New Look at Patterson Park

March 30, 2012

On Saturday, March 30, the Bridges sixth grade spent an afternoon at Patterson Park in Baltimore City with their weekend mentors. Over the course of the three hour trip, mentors taught students how to play soccer, golf, and tennis. Golf and tennis were new to many students and the lessons provided by mentors provided excellent introductions to the sports. After playing, the group shared a lunch that included deli sandwiches from Miller's and homemade baked goods. Overall, a great day in the park.

Angie and Marcy rallying with students at the tennis station.

The group begins the day with a game of 2 truths and a lie facilitated by mentor Jillian.

Mentor Kevin working with Marnice at the golf station.

Diamond, Imonie, and Mackai teeing off at the golf station.

George and Wally trying to stop a fast break led by Imonie.
