

Bridges Summer Jobs Catches Wind with the DSC

June-August, 2012

Seven Bridges high school students spent the summer of 2012 working at the Downtown Sailing Center. Five of the students participated in the DSC's Sailing Instructor Training Program. As SITs, they learned the fundamentals of sailing and how to teach sailing. Tasmine and Nia, who completed the SIT program last year, returned as assistant instructors. Below, a few snapshots highlighting their experiences.

Terricka smiles for the camera on this practice sail in the harbor.

SITs assist with a boat maintenance project.

The SIT crew drops a boat by the DSC's accessible sail lift.

Malcolm practices working the sails and the tiller on this solo cruise.

Tasmine, foreground, docking his boat at the DSC. Tas originally learned to sail on a Maine sailing expedition with Outward Bound.
