

Summer Jobs at City Hall

Summer 2011

This summer, three Bridges high school students have paid summer jobs in the City Council President's Office coordinated through the YouthWorks Summer Jobs Program. Under the guidance of Hosea Chew, the Council President's Director of Administration, Tyrin, Antoine, and Rae'ven have done everything from research county governance structures, to answer phones, and train employees on Microsoft Word and Excel. Below, a few photos from the summer experience at City Hall.

Tyrin and Antoine facilitate an employee training session on Word and Excel applications.

Rae'ven provides coverage for the Council President's receptionist.

Tyrin presents a recap of his summer job experience to the Council President's staff.

Antoine prepares materials for his presentation on county governance structures.

Students and staff members take a group shot in the City Council's Chambers.
